Food Conformity

BECO MEMBRAN PFplus membrane filter cartridges are made of materials that correspond to the regulatory and legal requirements and guidelines for food contact as follows:

1. BECO MEMBRAN PFplus membrane filter cartridges meet the requirements for food contact according to Regulation (EC) 1935/2004 of the European Parliament and of the Council on materials and articles intended to come into contact with food, in that:
 - 1.1. the plastic components of BECO MEMBRAN PFplus membrane filter cartridges meet the requirements of Commission Directive 2002/72/EC and supplements relating to plastic materials and articles (excluding seals).

Migration testings were conducted on BECO MEMBRAN PFplus membrane filter cartridges according to Council Directive 82/711/EEC and 85/572/EEC:

The global migration as well as the specific migrations meet the legal requirements upon proper use. BECO MEMBRAN PFplus membrane filter cartridges can therefore be used to filter food without any concerns.

2. All construction materials of BECO MEMBRAN PFplus membrane filter cartridges meet the requirements for food contact by the FDA, listed in the Code of Federal Regulation as follows:
 - 2.1. the materials according to:
21 CFR 177 - 182 and
 - 2.2. the PVDF membrane according to:
21 CFR 177.2910.
3. 100 % Integrity Tested.
In manufacturing each unit must pass the integrity test.
4. The release is granted to the following specifications:

Integrity
